

# Wanna Be A Limmudnik?

**Join us on June 26-28**

## **A Special Weekend w/Limmud Founder, Clive Lawton**

Limmud originated in the UK as a conference, a festival, and a gathering of hundreds of Jews from all walks of life, all Jewish backgrounds, all lifestyles, and all ages. Limmud is modeled as a multi-day event filled of lectures, workshops, text-study sessions, discussions, exhibits, performances and much more—all planned by a community of volunteers. The event has spread to dozens of countries including sites in the United States, such as NY, LA, Atlanta, Philadelphia, and Boulder... and now, it's coming to New Orleans!

This June 26-28, learn how it all got started as the Jewish “Christmas” festival in England, nearly 30 years ago, from one of its founders—Clive Lawton. Clive is a renown educator, and will join our community for Shabbat, sharing his Torah insights and introducing the Limmud model to our community.

**Be a part of bringing one of the most exciting Jewish events in the world to New Orleans!**
